

AARAMBH's Girls outshines during Independence Day Parade in Bhopal

Neelam Parmar, associated with AARAMBH's Safe City Project in Bhopal since 2023, has marked an inspiring journey of leadership and participation in the Independence Day parades held at **Lal Parade Ground, Bhopal**.

For three consecutive years, Neelam has served as the **Platoon Commander**, confidently leading the participating girls during the official celebrations such as Republic Day and Impedance Day. She is also a member of the **Srijan Programme, Chhola Basti**, run by the Police Department.

A proud and memorable moment for Neelam has been the opportunity to **greet Hon'ble Chief Minister Shri Mohan Yadav Ji** and other distinguished guests during the Independence Day celebrations. Her continued participation and leadership have made this journey especially meaningful.

This year, **11 girls from Chhola Basti and 3 girls from Bhim Nagar Basti** participated in the parade alongside Neelam. Their participation reflects the growing confidence and leadership of young girls who are getting opportunities to take part in significant public events and national celebrations. For AARAMBH, it is a matter of great pride to see the children associated with our initiatives moving forward with confidence, taking on leadership roles, and bringing recognition to themselves, their families, and the organization. Neelam's journey is a reflection of the positive impact of providing children with opportunities to grow, participate, and lead.
